

Larkhall Police Station
Refurbishment

Contracts and Interiors

akp was appointed to carry out the upgrade and refurbishment of the Larkhall Police Station cell area and subdivision headquarters.

akp installed Disability Discrimination Act compliant access ramps and entrances to the front and rear of the building as well as Velux windows and specialist applied roof coatings.

Internally the project included down takings to old cell area, the installation of timber flooring

system, drainage alterations and the creation of new male and female toilet/shower/locker areas.

This also included the removal and infill of an existing stair, the installation of bespoke screens and counters, suspended ceilings, floor finishes and decoration.
